## Internship

**Umety**      Unity 3d Game Development

Completed a one-month internship at Umety, where I had the opportunity to learn the fundamentals of the Unity 3D game engine using C#. During this time, I gained hands-on experience in game development, including creating 2D and 3D environments, implementing physics, and utilizing various Unity tools and assets. I also explored scripting for gameplay mechanics, worked on user interface design, and collaborated with a team to develop interactive prototypes, deepening my understanding of game design principles and workflows.
